### **After School Helpers**

The After School Helpers Program is for the middle/high school student that is ready to take on more responsibility but is not quite ready for that first job. While volunteering participants will have the opportunity to learn how to: work with young children, lead activities, work cooperatively with peers and many other things! All participants can expect to work with students K-3rd grade. Since participants will be working with young children a good temperament, enthusiasm and reliability are required. This program will require two consistent volunteer days each week. Families will not be charged for volunteer time. If at any time a participant demonstrates they are not ready for these additional responsibilities they will need to move to Standard After School Care. Volunteer days are Monday-Thursday only.
